

## The Wright Stuff

Years ago, Bob Wright envisioned a place where people living with illness or disease could go to find answers to their troubles. A place that replaced fear with comfort; despair with hope. A vision that is coming to fruition, and soon will be situated on over 100 acres of pristine land bordered by the Pilchuck River in Snohomish, Washington.

### *The home of the AACI World Campus.*

This is the world's first all-encompassing campus for restorative health. Broad-based staff from a number of disciplines include: medical doctors, biological dentistry, chiropractic, naturopathy, clinical nutrition, homeopathy, hypnotherapy, Chinese medicine, herbal science, physical and massage therapy, iridology, and many others.

### **INSIDE THIS ISSUE**

An URGENT Request

A Word from Bob Wright

As a professional Health Coach, Bob's work touches the lives of children. We continue to prioritize children focused programs, creating immediate and lasting change in the health and well-being of the world's children; protecting them from illness, disease, and disability before it starts, and equipping them with tools for recovery after diagnosis; giving children the opportunity to spend their childhood HEALTHY!

The AACI equips the people we help with tools to help themselves. Expecting and appreciating the best out of human nature, we encourage people to invest in their future through their health. We believe taking control over one's own health is the first step in regaining community health.

The world has been waiting for this change, and needs our help NOW! People who are sick today may not get a second chance. If we wait to implement our knowledge, those who are currently sick may miss the opportunity to be healed. Help us change their destiny. Help us forever change families through the lifelong gift of restored health.

Together, we can make this vision come alive TODAY! As the vision of our founder is grand in scale; so too, is our urgent call for donations. We are actively seeking tax-deductible donations to continue the daily work of helping people who are living with chronic illness and disease. People who are desperate for answers. People who can't wait.

**Today is an opportunity for you to dramatically touch a life whose tomorrow is uncertain.**

(Continued)

From all of us at the AACI, we thank you for your donation and commitment to ensure that every person who needs us receives the best chance at a healthy, long life!

**A NEW PROSPERITY BEYOND THE TIME OF CRISIS.  
NEWFOUND HOPE, RESTORED FAITH,  
AND OPPORTUNITY FOR THE FUTURE,  
BEGINNING TODAY.  
THE SCALE OF THE CHALLENGE IS HUGE,  
BUT THE AACI IS BIGGER!**

Every dollar donated is used to help a person who is sick. Contributions can be one time or monthly, and in any amount. ♦

## A Word from Bob Wright

Friends, I realize that this edition of our monthly newsletter is not what you expected to see. I also know that most of us are bombarded daily by requests for money to support various causes – some very worthy, some not.

The preceding correspondence was put together by our very capable staff – currently, volunteers who believe with all their hearts in what we are doing. As a matter of fact, in the five years that we have been building the infrastructure for this organization, we have never had anyone on salary.

During that time, we have counseled literally thousands and thousands of people. No, we don't tell them what to do – but give them options, opportunities outside of conventional medicine that really do work. We tell them exactly what we would do given their particular situation.

We have traveled around the United States for the last three years doing seminars and outlining what really does work for cancer. We have done at least 40 of these shows over that time frame. Yes, we've been to Pittsburgh, Tulsa, Omaha, Lincoln, Phoenix, San Antonio, Dayton, Branson, Jefferson City, El Paso, San Diego, Los Angeles, Seattle, and others (some, several times). And, no one pays us to do this.

(Continued)

We reached an agreement with a large private trust late last year for significant funding. As with most things of this size, it takes time for the details to be worked out and the payouts to begin. We fully expect to receive capital for our operations and the beginning of our build-out this year. This relationship has been a major coup for our organization.

Unfortunately (and you know I always speak my mind), the timing stinks. We had hoped to be moving forward rapidly at this time. Continued delays with the trust have set us back. And, although we continue to help cancer patients (and others) every single day, progress on our developing campus and day-to-day operations has come to a literal stand-still. While we are still extremely optimistic about our future and where we are going, this temporary lack of funding is discouraging.

You see, throughout these past five years I have met thousands of people who indicated that they would like to help – both through volunteering and financially. Sadly and, for whatever reasons, few ever have. That’s why the trust funding promise had rejuvenated us. When you have a tendency to buck traditional medicine and treatments like we do (because we know the truth), many shy away because they fear a backlash from friends, family, co-workers, companies, etc., who support the massive “business” that we call Western Medicine. It seems, though, that there appears to be no problem in writing a check to the American Cancer Society at year’s end for the tax deduction.

So, as the previous letter exhorts, we need your help right now to bridge the gap between where we are today and when the trust funds – be it next week, next month, or next year. And, make it known, that our survival long-term will be as a result of a true grassroots movement of the people who put their faith in the tenants of real healing – the real conventional treatments, therapies, and protocols that are steeped in organic foods, the right water, supplementation, and detoxification.

(Continued)

It's you. No one else. Not your neighbor, your friends, your family – no just you. If everyone embraces this concept, we will have all the help we need. And, please hear this and take it to heart. We don't need your help tomorrow, we need it today. Right now. For existence tomorrow is based on survival today. Simply, there is no other way to put it.

Please consider if you have a place in this thing we call the American Anti-Cancer Institute. We think you do. We covet your assistance – and hope and pray it will be immediate.

Yes, we are long past the point of being embarrassed about asking people for money. We can't operate without it. You can help. Please do.

Sincerely,

Bob Wright

Director and Founder

**WHAT WOULD THE AUTHOR, BOB WRIGHT, DO IF HE HAD CANCER? The "Wright Stuff," of course!**

### **IN THIS BOOK:**

- Read meticulously documented **Truth** about the AACI **Cancer Paradigm** and what it means for you and your family.
- **Be amazed by doctors** and medical professionals who know this Truth-- some want you to know it, and some don't... Learn why.
- Learn what you absolutely *must do and stop doing* if you have cancer right now, and what you *must do* for cancer prevention.
- Understand detoxification and the cancer diet in plain English.
- Learn about the **American Anti-Cancer Clinic:** situated within a 100-acre plus cancer-healing complex in the Pacific Northwest, to which cancer victims can come from all over the world where all their needs will be met—medical, educational and nutritional, at less than one tenth the cost of current cancer care today. We believe that "**if we build it, they will come!**"

This Book represents our "bread and butter" fundraiser, so we greatly appreciate your purchase and thank you for supporting the AACI. \$12 of each book is tax deductible as a donation to the AACI under IRS Code 501© (3).
